

Appendix B: Commonwealth Specific Purpose Payments to Other Levels of Government, Repayments of Advances, Advances and Interest Payments

This Appendix provides information on estimated Commonwealth Specific Purpose Payments (SPPs) to the States and local government, together with details of repayments and interest on advances (loans) to the States. The majority of these advances were funded from borrowings made on behalf of the States.

Consistent with the reporting of other financial data in the 2002-03 Budget Papers, data in this Appendix has been prepared on an accrual accounting basis. In addition, the tables also report payments made by the Commonwealth general government sector rather than the more limited Commonwealth budget sector. This has the main effect of including payments to the States and local government made by the Australian National Training Authority.

Table B1: Estimated Specific Purpose Payments to the States, repayments of advances, advances and interest payments, 2001-02 to 2005-06

This Table provides information on Commonwealth SPPs to the States together with details of repayments, advances and interest on advances. The majority of these advances were funded from borrowings made on behalf of the States under State Governments' Loan Council programme.

Details are classified as follows:

- Specific Purpose Payments
 - current;
 - capital;
- repayments of advances (including repayments to the Debt Sinking Funds);
- details of new advances made; and
- interest on Commonwealth advances.

Specific Purpose Payment information is presented on a function basis, which aggregates payments directed toward like objectives and purposes. Specific Purpose Payments are further divided into those paid 'to' the States (by far the larger group by number) and those judged to be paid 'through' the States to other groups. Payments in the latter group are indicated within the Table by (*) and separate totals for 'to' and 'through' are provided in the summary at the end of the Table.

Table B3 provides budget estimates for 2002-03 of each State's share of the items included in Table B1. As in other years, the distribution of assistance for these years under some programmes is dependent upon the recipient government undertaking to participate in particular programmes or approve particular projects. For a few programmes, final decisions on the distribution of payments among the States have still to be taken by the Commonwealth; for others, the final distribution for 2002-03 will not be settled before further data becomes available. In most cases, provisional or notional estimates of the distribution are included. This does not commit the Commonwealth to a particular project or indicate that a State has agreed to participate in the programme.

Specific Purpose Payments 'through' the States are indicated in the Tables by (*).

A summary of total payments 'to' and 'through' the States is provided at the end of each Table.

* Items so marked are classified as payments 'through' the States.

- The allocation of funds to the States and Territories for each year, as per the Authority's Directions and Resource Allocations, is subject to agreement by the ANTA Ministerial Council. The total level of funding is subject to the amendment of the Vocational Education and Training Funding Act.
- Distributions are dependent upon the agreement of National Health Development Fund strategic plans under the 1998-2003 Australian Health Care Agreements. At the time of publication all States and Territories, except Western Australia have bilaterally agreed strategic plans, although Victoria's plan is under review and Tasmania is still to submit projects to the value of approximately half their funding allocation. Under these arrangements, the allocations for 2001-02 and beyond for these States are indicative only and do not represent a commitment on the part of the Commonwealth.
- These programmes were funded under NHT Phase 1 which finishes in 2001-02. Future programmes will be funded under NHT Phase 2 which commences in 2002-03.
- The split between the current and capital component has not yet been determined.

* Items so marked are classified as payments 'through' the States.

- The allocation of funds to the States and Territories for each year, as per the Authority's Directions and Resource Allocations, is subject to agreement by the ANTA Ministerial Council. The total level of funding is subject to the amendment of the Vocational Education and Training Funding Act.
- Distributions are dependent upon the agreement of National Health Development Fund strategic plans under the 1998-2003 Australian Health Care Agreements. At the time of publication all States and Territories, except Western Australia have bilaterally agreed strategic plans, although Victoria's plan is under review and Tasmania is still to submit projects to the value of approximately half their funding allocation. Under these arrangements, the allocations for 2001-02 and beyond for these States are indicative only and do not represent a commitment on the part of the Commonwealth.
- All figures are indicative only. The provision of funding and its final distribution are subject to the signing of a new Commonwealth State Territory Disability Agreement and bilateral agreement by the relevant jurisdiction. Includes funding of \$105.3 million in 2002-03, \$107.3 million 2003-04, \$109.4 million in 2004-05 and \$111.6 million in 2005-06 to assist States and Territories to meet unmet need for disability services.
- These programmes were funded under NHT Phase 1 which finishes in 2001-02. Future programmes will be funded under NHT Phase 2 which commences in 2002-03.
- The split between the current and capital component has not yet been determined.
- Distribution to the States and Territories are indicative only as payments will depend upon the number of applications in each jurisdiction.
